Company Summary 企業概要		
- SUGIMOTO, based in Takachiho, Miyazaki, specializes in dried shiitake mushrooms. They grow forest-grown shiitake without pesticides or chemical fertilizers, preserving flavor and nutrients. With careful drying and Organic/Kosher certifications, they deliver high-quality products domestically and internationally. - SUGIMOTOは宮崎県・高千穂を拠点とする乾しいたけ専門会社です。天然原木栽培しいたけを農薬・化学肥料なしで生産し、風味と栄養素を最大限に維持。乾燥処理や有機・コーシャ認証も取得し、国内外で高品質な商品を提供しています。 - Shiitake powder research (University of Massachusetts, USA) Our Kyushu forest-grown Shiitake powder was used in a mouse study published in <i>The Journal of Nutrition</i> “Food is Medicine” issue. Adding 5% Shiitake powder to a Western-style high-fat diet resulted, after 12 weeks, in about 10% lower body weight and ~30% less body fat than the high-fat diet alone (animal study). The work is unique because it tests Shiitake powder as a real food ingredient, simply added to meals, to improve gut microbiota and gut health.
